FOR IMMEDIATE RELEASE:

MTI DISTRIBUTING RELOCATES HEADQUARTERS

New Facility Expands Company's Ability to Provide Superior Customer Care

BROOKLYN CENTER, Minn., Sept. 25, 2001 – MTI Distributing Inc, a Toro company, and a leading distributor of products for the turf and green industries in the Midwest, today announced that it has completed the relocation of its corporate headquarters to Brooklyn Center, Minnesota.

The new MTI facility was designed to enhance the company's ability to successfully serve its customers. Highlights of the new space include an expanded warehouse and cutting-edge service capabilities. The building also features a large product display area and easy access for customers picking up orders or dropping off equipment for service and maintenance.

"Our customers' complete satisfaction is our top priority and number one focus. We designed our new building with customers in mind. We wanted to make an investment in our industry by not only providing the best products in the industry, but also by backing them up with superior parts and service. Our new facility substantially increases our capacity to provide the things that are important to customers," said President Mike Anderson.

Director of Customer Service Jeff Carlson added, "We are very excited about our new facility in Brooklyn Center. We have significantly increased our service capacity. We've implemented state-of-the art systems in both our warehouse and service area that will allow us to deliver the very best customer service possible."

The new MTI facility is located at 4830 Azelia Avenue North, Suite 100 in Brooklyn Center as part of the new France Avenue Business Park II complex. MTI also has an office in Fargo, North Dakota, as well as irrigation stores in Maple Grove, Oakdale and Burnsville.

MTI Distributing is one of the Midwest's largest distributors of Toro products. The Company began as Minnesota Toro Inc in 1948 and was acquired by the Toro Company, based in Bloomington, Minnesota, in 1997. More information on the company can be found on the World Wide Web at www.mtidistributing.com.
